Convalescent plasma, budesonide for COVID-19 in people at high risk, Moderna vaccine for adolescents

Peer reviewed journals featured:

- Systematic reviews on:
 - Convalescent plasma for treatment of COVID-19 [here](#)
 - Statins and mortality in COVID-19 patients [here](#)
 - COVID-19 in people with chronic kidney disease [here](#)
 - Depressive and anxiety symptoms in children and adolescents in COVID-19 [here](#)
- A narrative review on the management of COVID-19 vaccine-induced immune thrombotic thrombocytopenia with cerebral venous sinus thrombosis [here](#)
- Randomised controlled trials on:
 - Inhaled budesonide for COVID-19 in people at high risk of complications in the UK (PRINCIPLE) [here](#) and associated commentary [here](#)
 - Macrolides in the management of mild COVID-19 patients [here](#)
 - Moderna vaccine in adolescents between 12 and 17 years of age [here](#)
- Observational studies on:
 - Predictors of misperceptions, risk perceptions, and personal risk perceptions about COVID-19 - by country, education and income [here](#)
 - Predicting critical illness on initial diagnosis of COVID-19 [here](#)
 - Women with COVID-19 giving birth at US academic centres [here](#)
 - Clinical features of vaccine-induced immune thrombocytopenia and thrombosis [here](#)
 - A case series on myocarditis following Pfizer vaccination in children [here](#)
- Modelling studies on:
 - COVID-19 vaccination and potential risk compensation [here](#)
 - Mortality and provenance of COVID-19 convalescent plasma used for treatment [here](#)
 - Adjusting public health, travel, and social measures during COVID-19 vaccination roll-out [here](#) and associated commentary [here](#)
 - Comparing COVID-19 responses of the UK, Sweden and Denmark using counterfactuals [here](#)
- An editorial on vaccinating healthcare workers against COVID-19 [here](#)
- Commentary on post-acute sequelae of COVID-19 [here](#)
- A case study on the delivery of COVID-19 monoclonal antibodies in healthcare systems [here](#)

Letters and correspondence discussed:

- A randomised trial of a third dose of Moderna vaccine in transplant recipients [here](#)
- Three doses of Moderna vaccine in solid-organ transplant recipients [here](#)
- SARS-CoV-2 infection among maternal-infant dyads in Ontario [here](#)
- Antibody response to COVID-19 vaccination in adults with hematologic malignant disease [here](#)
- Antibodies against SARS-CoV-2 in breast milk of women vaccinated with an mRNA vaccine [here](#)

Pre-peer review articles featured:

- Pfizer and Moderna vaccine effectiveness against the Delta variant [here](#)
- Estimate of the efficacy of Pfizer vaccine six months post vaccination [here](#)
- COVID-19 projections for US schools in fall 2021 [here](#)
- Comparison of two mRNA vaccines during periods of Alpha and Delta variant prevalence [here](#)

Guidance and reports

- The World Health Organization published a guide on communicating with health workers about COVID-19 vaccination [here](#) and an accompanying training module [here](#)

News and blogs

- Podcast on mandating COVID-19 vaccines for healthcare workers [here](#)
- Transitioning from COVID-19 elimination to sustainable endemicity in East Asia [here](#)
- Antigen testing every 3 days is highly sensitive for SARS-CoV-2 [here](#)
